

Our final league match was on 29th May at Aldenham In Watford. We'd experienced the entire range of temperatures for our matches – ranging from 27 to 7 degrees centigrade. However, we had not encountered the deluge that we played in. The Hertfordshire captain assured us that the weather would be good so most of us were in shorts. However, a continuous thunderstorm meant that waterproofs were the order of the day.

I'm pleased to report that despite the appalling conditions Berkshire were successful, winning 5.5 to 1.5 matches. The team comprised Linda Hunt, Tracy Crew, Sheree Dove-Wilde, Katherine Irving, Jane Sly, Pat Bennett and Airlie Dyson.

The result meant that we have won 3 games and drawn one. We will not know the final result until later in the year.

My thanks to all the players who made themselves available, including the reserves.
