

## Julia Warke

Julia has had a pretty busy and successful golfing three months. Since winning the County Championships in April she moved on to claim her fourth Junior Championship title - a record which is unparalleled in the fifty year history of Berkshire Junior Girls golf. Julia went on to win the Mill Ride Ladies Championship title and the Junior Championship title. Then, at the English Girls Championships at Littlestone GC, after two days of stroke play, 120 players battled through in windy weather to make the 40 player cut. Julia was 27th but the competition

was cut short due to bad weather.

Julia goes shortly to America to start her new academic and golf life. There will not be the opportunity to thank her in person for all her work this year as Captain of the Junior Section. We have appreciated all her work, balancing academic demands with her golfing goals and illustrated by her attendance at the County Week final day, only possible because her last exam was on the Thursday afternoon! She has played in all the scratch matches during the early part of the year, been ever-smiling and great fun to be around. Julia is a modest and unassuming player, there is nothing in her manner to suggest she is as good and successful as she is. Because of the way she leads other players follow. Berkshire has a very open friendly and supportive squad of players and this is in no small part to the "Warke-ness" of the junior section over the last ten years or more.

Our thanks and very best wishes to Julia.
