

Covid-19 Update - 17th March 2020

It is with regret that BCLGA has taken the decision to cancel a number of events and matches. The nature of our activities means that we rely on the facilities of our host venues. With so many clubs now having to make difficult decisions on clubhouse and amenity closures, we are unable to guarantee that we would have the facilities available to run these events properly. This, combined with the need to look after our volunteers and provide a safe environment for our players and members, has led us to cancel all activities until 31 May.

We will continue to review the situation as both advice and circumstances are changing rapidly.

To clarify, the fixtures below are cancelled:
